

# 811 Tank Decal

811 is a three-digit dialing calling code mandated by the FCC. It is the national “call before you dig” number used to request an underground locate before any excavation activity. Add 811 to your markers to get excavators and property owners to make that call.

## Decal Placement

The 811 and “Call before you dig” decals come separated, allowing you to customize the placement of your safety message.

### Standard vertical sizes for 811 and “Call before you dig” decals together:

10'8" x 8'2", 13'3" x 9'8", and 15'8" x 11'6"

### Standard horizontal sizes for 811 and “Call before you dig” decals together:

16' x 5'2", 20' x 6'4", and 23'2" x 7'6"
