

Whisker® Flags

Whisker flags are composed of a metal bracket with a 6” or 9” plastic filament.

Durable

- Can be mowed over with minimal damage to the flag.
- Instantly springs back erect after the punishment of a grader blade.

Highly Visible

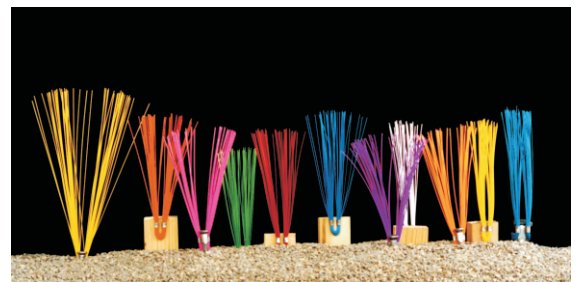

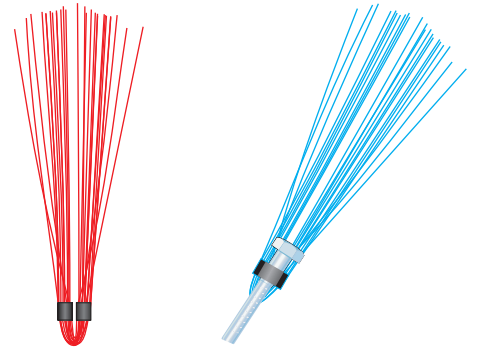

Bright APWA colors.

Easy to Install

- Slips quickly and snugly onto a 60d nail and is driven into whatever soil or base you need marked.
- May be hammered into any wood stake or hub.
- Fits all sizes of wooden stakes and 60d penny nails.

Uses

- Road Construction
- Surveying
- Utility Line Marking
- Cemetery Plot Marking
- Landscaping
- Trail Marking
