Version A

The CGA's Five Steps to Safe Digging

CommonGroundAlliance.com

- 1) Always Call 811 Before You Dig
- 2) Wait the Required Amount of Time
- 3) Locate Accurately
- 4) Respect the Marks
- 5) Dig Carefully

Pre-Excavation Check-List

- 1) Verify that the One-Call ticket covers the "Scope of work" and "Work to begin" date.
- 2) Document each marked utility you observe.
- 3) Based on visual observation, do you see any signs of unmarked utilities? Notify One Call of each unmarked Utility you find.
- 4) Photograph the entire proposed work area, including all locate marks.
- 5) Advise your crew members of the following: If they have to cross a marked utility they must **TAP TO DIG ONLY** within the tolerance zone of the locate marks plus half the diameter of the buried facility.
