

# RhinoPoly™ Clipboards

RhinoPoly™ public awareness clipboards are available with the 811 logo and are a great safety tool for excavators. They also serve as a creative way to display a public awareness outreach message. These clipboards are composed of the same material we use for our RhinoPoly™ signs.

## Colors

The clipboards come in all APWA colors and the 811 Green. Standard clipboard colors are orange, white, yellow, blue, green, red, purple, and brown. Standard print colors are orange, white, yellow, blue, red, green, brown, purple, and black. Custom RhinoPoly™ colors are available but may require a minimum order or matching color charge. Custom Print colors may be available. Call for details.

## Size and Thickness

Standard Thickness: .140" RhinoPoly™  
Standard Sizes: 9" x 12"

## Customizable

Company logos and customized messages can be added to the front of the clipboards in addition to the 811 logo, or logo of your choice. The clipboards can also have a customized message on the back. From standard pipeline sizes to steps for safer digging, all messages on the back of these clipboards can be customized to meet your specifications.

## 2 Versions Available

### Version A:

#### Front:

- 811 Logo
- Your Logo
- Your Customized Message

#### Back:

- CGA's 5 Steps to Safer Digging

### Version B:
