Rust Tough® Acrylic Alkyd Enamel Bulk

Use on Meters and Hydrants

Krylon Industrial Rust Tough Utili-Coat is a rust-preventative acrylic alkyd enamel that offers state-of-the-art corrosion protection. Utili-Coat provides excellent gloss and color retention, superior durability and one-coat coverage. Developed for the toughest environments, Utili-Coat's unique, high solids, direct-to-metal (on new or clean metal) formulation can assure you that your job and efforts will last.

For use on: Iron, steel, aluminum, electrical meters, water meters, electrical boxes, pumps, storage tanks, machinery, motors, piping, fencing and storage tanks.

NOTE: No overnight or oversea shipments by air. Ground only. Please call 800-522-4343 for details.
