

# Rhino Tags

100% Recyclable

Rhino Tags are available as Ground Wire Tags, Cable Tags or self-laminating Rhino Skin Tags. The tags have a 5 year outdoor durability. The brightly colored materials and inks are UV stabilized to prevent fading from the sun. These may also be written on with a pen or permanent marker.

### Ground Wire Tags

Ground Wire Tags are made of .016 high density polyethylene. Each tag has one large slot and is not overlaminated. They may be single or double sided. These tags are 1.5”H x 3”W. Ground Wire Tags come in boxes of 500.

### Cable Tags

Cable Tags are made of .020 calendered vinyl. Each tag has three .167” holes on each side and is not overlaminated. Included with the tags are 2 - 8” black ties. These tags are either 1-3/4”H x 3-7/8”W or 1-3/4”H x 5-3/4”W. Cable Tags come in bags of 100.

### Rhino Skin Tags

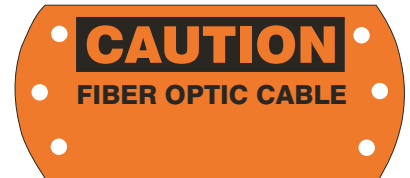

Rhino Skin Tags are made of .020 calendered vinyl. Each tag has three slots on each end. These tags have a clear overlaminate. Generic (no legend) Rhino Skin Tags are 1.5”H x 4”W. Rhino Skin Tags with a legend are 2”H x 3.5”W. Rhino Skin Tags come in bags of 100.

### Colors

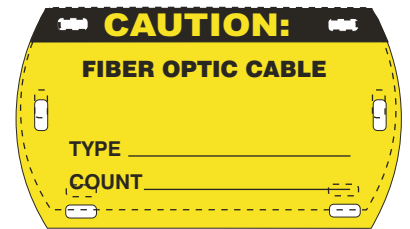

All tags are available in yellow, orange, red, white, black, blue and green. Print colors are any color. A one-time set up charge may apply.
