

# Rhino U-Channel Posts

Corrosion resistant metal posts for supporting signs, aerial markers and pedestals.

## Rhino 112

This 1.12 pound per lineal foot post is ideal for mounting utility signs.

## Rhino 200

This 2.00 pound per lineal foot post is designed to support aerial marker frames and larger signs.

## Holes

3/8" holes on 1" centers.

## Coating Options

Galvanized, or Painted Green posts are standard. Powder Coated posts are available in custom colors. Call for details.

## Lengths

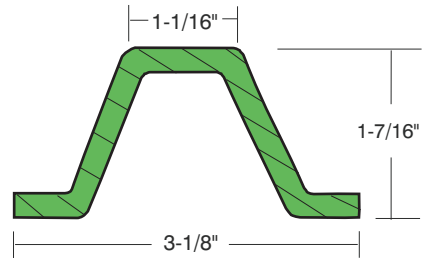

6' (72") is the standard length. Other lengths are available but may require a minimum order. Call for details.

## Related Products

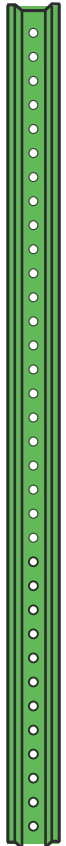

Sign Saver Brackets can prevent signs from being deformed during attachment to U-Channel post. The aluminum bracket is 3" W x 2" H with a 3/8" center hole.
